PROFESSIONAL EXPERIENCES

Columbia University, Mailman School of Public Health — **New York, NY**
Graduate Teaching Assistant — *August 2026 – Present*

- Facilitate instruction and managed grading for 60+ first-year MPH candidates in *Qualitative Foundations*, guiding them through key qualitative research concepts during class time and office hours.
- Serve as the main point of contact between faculty and students, managing communications and aiding academic success.

New York Community Hospital Academic Maternal Health Equity Partnership (NY-CHAMP) Study — **New York, NY**
Living Health for Moms (LHMoms) Graduate Research Assistant — *April 2026 – Present*

- Lead qualitative data collection for program evaluation efforts by conducting focus groups with doulas and in-depth interviews with postpartum patients across hospital and community settings.
- Develop a comprehensive maternal health literature review to support manuscript preparation, framing qualitative findings within perinatal intervention models and key drivers of severe maternal morbidity and mortality in New York City.
- Enhance study operations by optimizing doula and participant recruitment workflows, maintaining demographic tracking, and coordinating administrative protocols and data collection schedules among interdisciplinary teams.

RTI International, Center for Engagement Science and Applied Communication Research — **Brooklyn, NY**
Public Health Analyst II — *August 2023 – Present*

- Deliver research support and manage project operations for federal (CDC, FDA, NIH) and state health communications and community partnership contracts spanning maternal and child health, HIV/STI prevention, and precision medicine, contributing to deliverables, task execution, and quality assurance.
- Contribute to qualitative and quantitative research efforts by conducting in-depth interviews and focus groups, drafting systematic literature reviews, and co-authoring mixed methods technical reports and manuscripts.
- Formulate and implement innovative communication strategies, including the development of survey instruments, social media listening analyses, and targeted messaging assets for diverse populations.

Masa Israel Journey — **Haifa, Israel**
English Teaching Fellow — *August 2022 – July 2023*

- Taught English to 200+ multicultural students, primarily from Ukrainian, Russian, and Ethiopian backgrounds, many of whom had behavioral and developmental disorders in grades 2–6 within a refugee resettlement community.

North Carolina State University, Department of Psychology — **Raleigh, NC**
Research Assistant — *January 2020 – August 2022*

- Published two manuscripts as the principal author, focused on adulthood stress processes and well-being outcomes.
- Delivered two and co-authored four poster presentations at nationally recognized conferences on well-being outcomes.
- Selected for the Provost's Experience Program to conduct research in Dr. Shevaun D. Neupert's Adulthood Well-Being Lab.
